

printHead

```
graph LR; A[printHead] --> B[Cpp::getCppV]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'printHead'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Cpp::getCppV'. Both boxes have a thin black border.

Cpp::getCppV
